

THE BOSS ANIAC, SHOT BY A CHIEF, DIES IN HOSPITAL

Hibbard from First Page.
B. The second shooting of the late Governor John A. Andrew, Jr., was the first of its kind in the history of the Commonwealth. The late Governor, who was shot by a chief of the State Police, died in the hospital.

It was a tragedy of the first magnitude. The late Governor, who was shot by a chief of the State Police, died in the hospital. The shooting took place in the State House, and the Governor was shot by a chief of the State Police.

The Lunch Counter

Is the Cause of Dyspepsia and Indigestion, Catarrh of the Stomach and Heart Disease.

Nine-Tenths of Those Who Eat There Bolt Down Their Food.

The next time you eat at a lunch counter just you watch it carefully. Look down the whole line and notice how they bolt down their food, washing it down with hot coffee or cold water. First they take a large bite, then a drink, a bite and a drink, hurrying through their meal in five or ten minutes.

Many of them don't know the correct way to eat, while others are so intent on money-making that they will not take the time to eat properly.

The lunch counter is a great demand for Stuart's Dyspepsia Tablets, for every one now knows that they assist the stomach in digesting the food that has been and is being forced down into it.

Health should be the first thing sought for in the battle for existence. With a sound body all things are possible to man, while ill-health handicaps him.

The dyspeptic is usually grouchy and cannot meet his fellow-men in the proper spirit to win his confidence and esteem. Many a fine proposition has failed because a dyspeptic was back of it.

Your brain does not work right when dyspepsia controls your mind. Neither does any organ of the body. Get your digestive apparatus in perfect condition first and all will go well with you.

Take Stuart's Dyspepsia Tablets until you cure yourself of indigestion, restlessness of the stomach, flatulence, and your heart, liver, brain and all the organs of the body will perform their functions properly and you will be in sound health.

Don't give up in despair, but get right and all things will come your way and fortune will again smile upon you.

You can purchase Stuart's Dyspepsia Tablets anywhere on earth. They have become a family necessity everywhere.

Send us 50 cents per package. Send us your name and address to-day and we will at once send you a mail a sample package free. Address: F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

of "Dewey," "Question," "Resolutions," and Dewey, in response thereto, mounted the platform.

Strike Postponed—by One Vote

"The resolutions, men, are short, sweet and to the point. It won't take me long to read them, or Richard Melton to listen to them."

Dewey unfolded a sheet of paper and read:

"Whereas, the proprietor of the Melton

"Whereas, the one object of business is to let the industry live by toil as well as to support the capitalist in idleness, and,
"Whereas, it is financial wisdom to give up a business that fails to do this,
"Resolved, That we will work only for what we deem a living wage, and,
"Resolved, That the Mifflin mills are hereby closed until we have our rights."
The reading was followed by loud cries

"Mr. President, I think these resolutions are inflammatory and ill-advised. We have never had a strike at the mill, and I think you can be avoided. I move that the question be laid upon the table until our next week's meeting and that a committee be appointed by the president to visit Miss Mellon and ask her to present

The question was put. "It is a vote," said the president. "Doubted," cried Deering and some of his followers. Tellers were appointed and they declared a tie. "I shall vote in favor of Mr. Gagnon's motion," said the president, "and I appoint him a committee of one to wait upon Miss Melton and state our grievances."

Removing Dandruff

Take tincture of cantharides, one ounce; diluted ammonia, one dram; glycerin, one fluid ounce; oil of thyme, one-half dram. Mix all together with six ounces of rose water. Rub the scalp with this preparation until no further evidence of dandruff is noted.

Gas Burner Wisdom

To avoid the trouble sometimes experi-

ced in lighting gas burners turn on the gas for six seconds before applying the match. This allows the air to escape from the burner, and you have a blue light from the first; also the little explosion afterwards is avoided. If a white flame is the result of lighting, turn off the gas and try again. A roaring sound means that the flame has leaped back inside the supply pipe, and the gas should be at once turned off.

Press Goods for Suit
All wool goods should be shrunk and pressed before making up. This is just a

necessary in children's garments as in yours, for they are exposed more to the sun than are your own. The goods should be left over night rolled up, layer over layer, with a damp cloth. As the roll is unrolled lay on a table wide enough to admit the whole width of cloth and press, not iron, over the covering cloth until dry. Let the cloth fall back over the table as you press, so that there will be no wrinkles formed if it is not perfectly dry. Hang up until you are sure that it is quite dry before you fold and put away.

Just smile
When you're up, high, high, X. A. B.
